IN TODAY'S ECONOMY, EVERY PENNY COUNTS. THAT'S WHY WE WORK ON A DAILY BASIS TO TURN OUR CLIENTS' SURPLUS MACHINERY INTO CASH.

Whether you have machinery that you do not use or you simply want to free up some capital, then let us help. Everything is done in *three easy steps*.

STEP 1: VALUATION

Making the process as painless as possible for you, one of our experienced valuers will visit your site and create a thorough inventory of all the machinery that you want to sell. From this they will work out the amount that each item is likely to fetch and provide you with a good estimate of how much you are likely to receive, following the auction.

STEP 2: AUCTION

The auction process is simple and very effective. We have a database containing a huge number of interested parties, who we will e-mail with details of relevant items. We also invest significantly in both online and traditional advertising ensuring that you will get as many bids as possible and, more importantly, the best possible price for your goods.

STEP 3: SOLD

We liaise with the buyers and take care of the whole process, organising deliveries and arranging payment. All in all, it will be an effortless process for you and we will keep you informed of the progress every step of the way.

“WE HAVE NOW WORKED WITH 1ST MACHINERY AUCTIONS A COUPLE OF TIMES. THE COMPANY IS ‘EASY TO DO BUSINESS WITH’ WHICH IS ESSENTIAL WHEN SELLING EQUIPMENT. THEIR STAFF ARE KNOWLEDGEABLE, MARKETING AND SUPPORT OF THE SALES PROCESS WAS EXCELLENT. HOWEVER MOST IMPORTANTLY THEY DELIVERED WHAT THEY SAID THEY WOULD AND MUCH MORE! I WOULD NOT HESITATE TO RECOMMEND 1ST MACHINERY AUCTIONS TO OTHER COMPANIES.”

GIVING YOU THE BEST POSSIBLE SERVICE

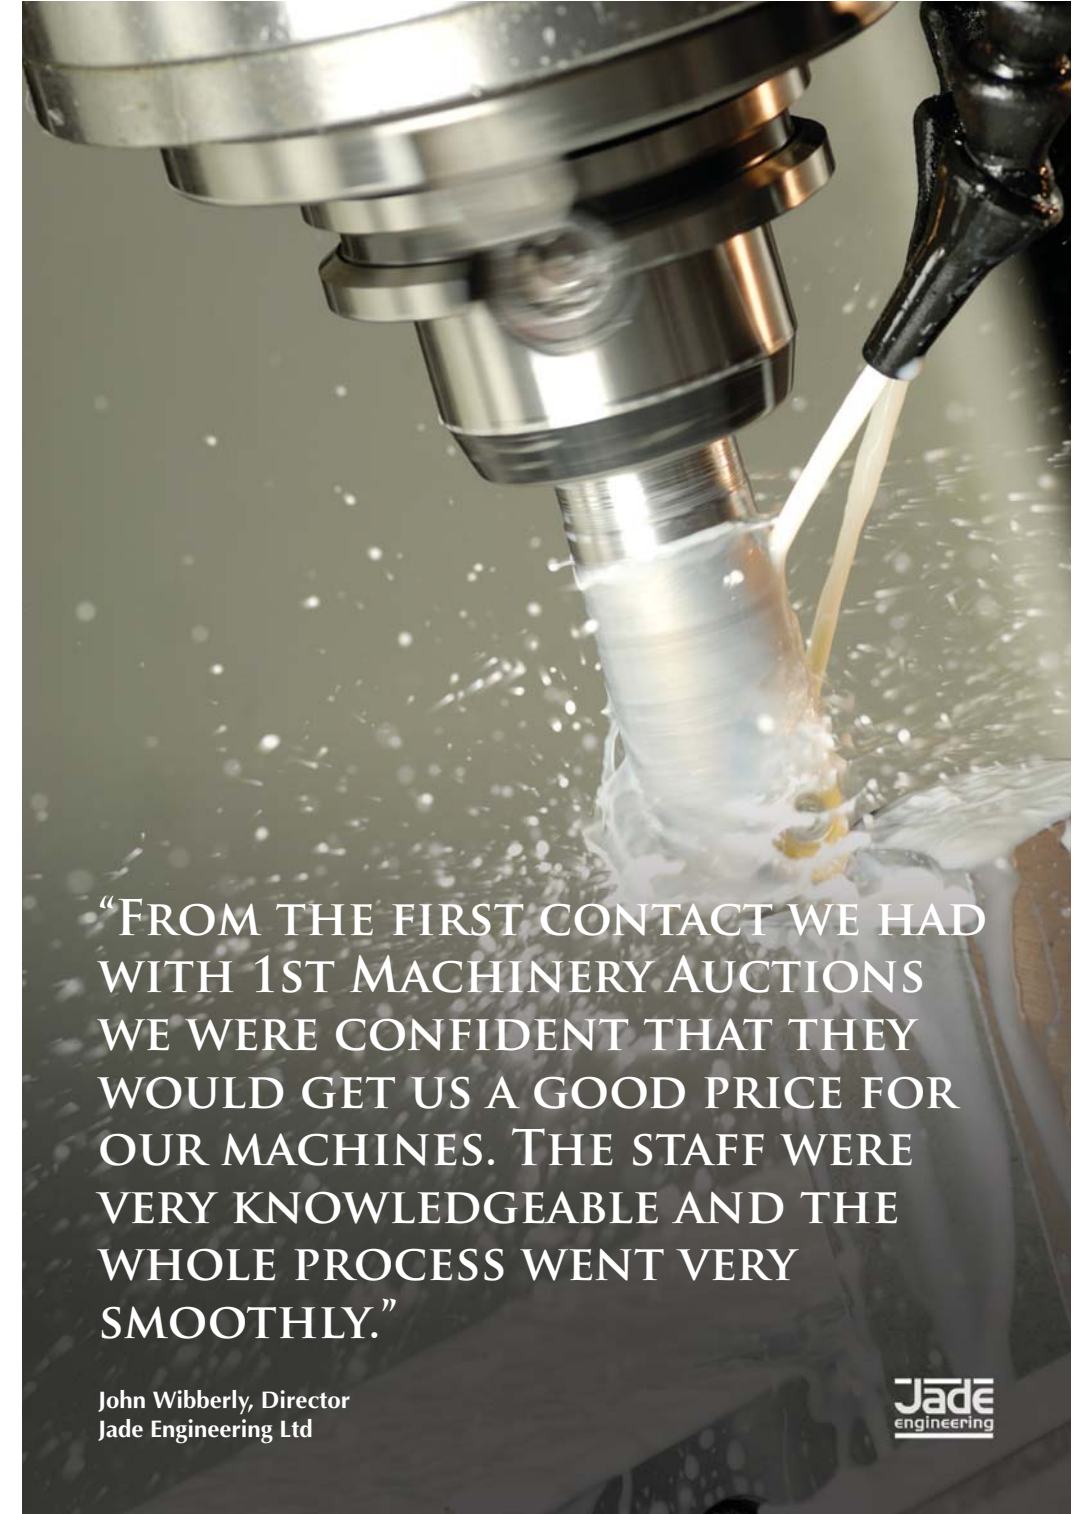

1st Machinery Group has over 130 years of combined experience, and annual sales exceeding £10 million from machine auctions and our resale division. Our specialist valuers and auctioneers most definitely know what they are doing. In fact, they work with some of the biggest names in the industry, auctioning machinery on a daily basis to get the best prices possible.

As well as working with businesses who need to free up some capital, or simply have excess stock, we also have a lot of experience in working with insolvency practitioners, administrators and liquidators, auctioning everything from single machines to complete factory clearances. So whatever your reasons for selling, you can be confident that we can help.

WHAT HAPPENS FOLLOWING YOUR CALL TO 1ST MACHINERY AUCTIONS?

It's simple really. It usually works something like this:

THE VISIT

We will send one of our team to see you and chat through the whole process. You will have plenty of opportunity to ask any questions, and you are under no obligation to go ahead if there is anything you are not happy with.

THE QUOTE

We will make a comprehensive list of all your machinery to be sold, which will provide us with the foundation for forming a quote. Our experience in the industry, teamed with huge amounts of information about past sales, allows us to provide you with a remarkably good idea of how much your stock is likely to fetch at auction.

ACHIEVING MORE

To get the best price for your machinery we are happy to arrange for machines to be cleaned and repairs undertaken. It is surprising how much extra value this can add.

CREATING THE LISTING

Once you've agreed to go ahead we will take care of everything for you. We'll photograph or video your items, depending on the machine(s), and create comprehensive listings that will be uploaded to our website.

SELL YOURSELF

We will actively market your goods to our database of over 80,000 interested parties, and advertise in all of the major trade magazines including MTI, Machinery Market, IEM, Machinery World, Machinery Classified and Auction News. We will also organise accompanied viewings, or, for more valuable items, viewing event days, creating a buzz and excitement about your machinery, and attracting the best possible bidders.

THE AUCTION

We sell plants and machinery through a variety of means including online auction sales, onsite auction sales and private treaty sales, where our specific negotiation skills and market knowledge can be used to maximise asset realisation. We even offer a commission auction option, where the client retains 100% of the hammer price.

FINANCE

We can arrange finance on equipment of all types and price range. We have dealt with UK Asset Solutions Ltd. for a number of years and their unique approach to our clients funding requirements enables them to offer a high level of service, with a flexible approach to the nature of the finance, its structure and its use, competitively and quickly. The ability to provide the best service, the right deal and with the minimum of fuss.

They are able to match the best funding solution to each particular customer and have the expertise to tailor each deal to match the needs of different circumstances and cashflow for both established companies and newer operations.

DELIVERING THE GOODS

Through our vast experience we have forged strong, long-lasting relationships with various machinery transport, shipping, service and installation companies. We work with these companies on a daily basis and they can ensure the machinery is delivered to its new location, wherever it is in the world, in a quick, safe and viable manner.

ALL ABOUT US

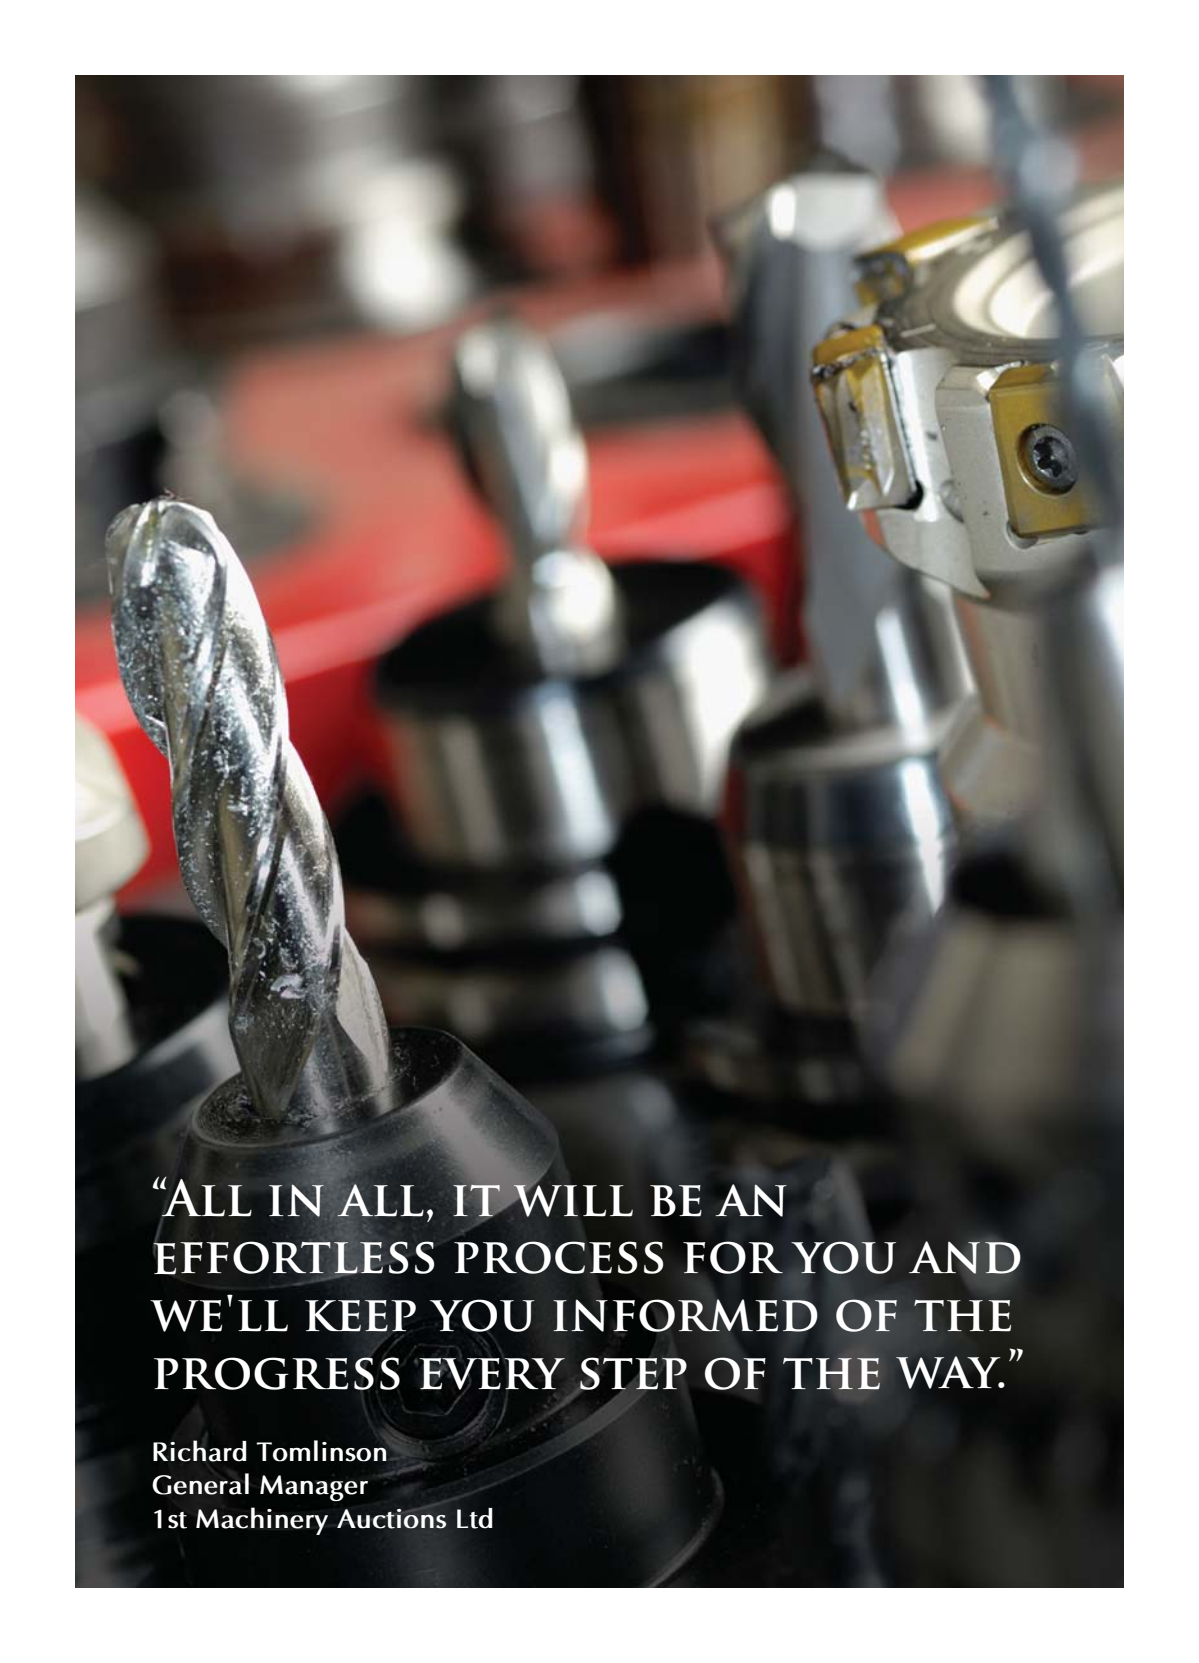

Two major machinery companies created 1st Machinery group. Boasting over 130 years' combined experience in the industry, we wanted to bring together our expertise to provide a machinery auctioning service that was reliable and effective. We've developed and grown at a phenomenal rate, but our original aspirations remain the same.

We work with a wide range of businesses, from small family run organisations right through to blue chip corporations, auctioning over £10 million worth of machinery every year. The range of our activities encompasses the whole of the industrial sector, with sales often arranged at short notice to accommodate the needs of clients.

As time moves on we strive to maintain our commitment to quality service, holding our position as a company that is highly respected in the industry.

We are not here to cut corners or to 'make do' – in fact, we will not settle for being anything less than exceptional.
